WHY BUY FROM US?

Dear Valued Customer

We want to take a moment and thank all of you for bringing the DeVroomen family business to a mile stone. Due to all of the partnerships with our suppliers and customers that we have formed we are proud to have celebrated our 90th year as a family business.

Our focus for all of these years has been and will continue to be on; Quality, True to name, On time delivery, Customer service and Competitive pricing. DeVroomen works hard to make the partnerships prosperous for all parties and to bring the most unique and exclusive varieties to the independent garden centers market;

MORE NEW AND EXCLUSIVE INTRODUCTIONS: We introduce more new, unique and exclusive varieties to the market than anyone else in the industry. This is important because it will differentiate your store from large retail chain stores.

SPECIALLY SELECTED FOR INDEPENDENT GARDEN CENTERS: Simple Pleasures® was specially selected for the independent nursery and garden center. You will not find our products in a mass merchant or discount store! We are committed to provide the upscale independent retailer with a quality, innovative marketing program.

- Specially selected for garden centers.
- Only top sized, true to name bulbs to help you stand above the big box stores.
- Experienced customer service staff to help you with all your stores needs.
- Innovative new packaging to help you with your sell through.
- Best (pallet) racks in the business to grab your customers attention.
- Free POP material to help you display and sell the products.
- Stand behind our product 100%, satisfaction and true to name.
- Simple Pleasures is now the number one supplier to the independent garden centers in the USA and Canada, that doesn't supply the big box.
- Web page designed just for your use, no mention of DeVroomen Garden Products (www.bestflowerbulbs.com).
- High res picture at you finger tips for free at Garden Joy Gallery on our website.
- Convenience of ordering online at www.devroomen.com.
- One of the largest stocked warehouses in the USA, for your convenience in Gurnee IL.

Ordering directly from Holland between January and July 1th will ensure that we have the varieties you need. We ship direct from Holland between September through November. We are committed to helping your flower bulb business be successful and profitable.

We would like to thank you again for your continuous loyalty over all these years!

Sincerely,

The DeVroomen Sales and Customer Service Team

68

**CORE PROGRAM**

A broad and deep range of proven products. Available pre-packaged or in bulk box.

128

**INDOOR PROGRAM**

Amaryllis, prepared hyacinths and other specialties for indoor growing. Great for October-December sales.

WE CARE FOR NATURE

We work with nature and care for nature. We aim for fair and caring social and environmental policies. Our goal is a healthy development of the production and export of flower bulbs and perennials. How do we achieve this? It takes an effort, but we make serious steps to fulfill our mission on a daily basis.

SUSTAINABLE PRODUCTION

BIO Based plastic, PEFC and FSC

We investigate all our activities and their impact on the life circle. In our search for more sustainable alternatives for the use of raw materials, we made several choices:

- WOOD: FSC and 100% recyclable;
- CARTON: PEFC mixed and 100% recyclable;
- PAPER: PEFC mixed and 100% recyclable;
- PLASTICS: Bio Based Plastics. This is made of the residue of sugar cane and is 100% recyclable.

BIO BASED PACKAGING

Benefits of BIO Based packaging

- It's made from 100% renewable natural material; residue of sugar canes.
- It is 100% recyclable.
- This contributes to a circular economy.
- It doesn't affect food production; The required Ethanol is made from the residue of sugar production.
- During growth, the sugar canes catch 3 times more CO2 than needed for the production of this plastic.
- BIO Based is different from biodegradable, only BIO Based is 100% recyclable.
- We choose not to use biodegradable plastic because it's not recyclable. Moreover, when biodegradable plastic degrades, it has a bad CO2 footprint.

An earth look Bio Based packaging, used in all Simple Pleasures ranges.

CO2 NEUTRAL!

As a worldwide flower bulb and perennial export company, we take our impact on the environment seriously. We work hard on our sustainability goals, and we like to set an example.

Over the last years we have been making big sustainable steps, in many ways. Your flowerbulbs are now produced with the use of green energy because of the 14.500 solar panels on our roofs and all of the waste is 100% recycled. (No waste)

Due to these efforts we are proud that we can produce your flower bulbs and perennials CO2-neutral!

OUR ULTIMATE GOAL

The responsibility towards nature doesn't end at being a CO2 Neutral company. We aim to create a full CO2-neutral supply chain, from grower to consumer anywhere in the world. Let's do this together.

NEW FOR AUTUMN 2023

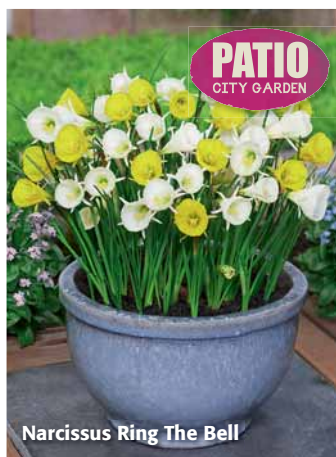

New varieties, colours and variations are the life's blood of any business. To enable independent nurseries and professional garden centres to offer the best and most complete retail selection, we have not only the classics available, but also, and most importantly, the best choices of the newest varieties grown.

Just look for the **NEW** button.

DISPLAY SYSTEMS

Displays make a significant contribution to the sales success of flower bulbs. With products arranged on color and point of sales material included, these displays create a real 'wow' factor on the shop floor!

Saving you time and space

We have 3 display options to aid you in displaying your products and bringing attention to your store. These racks have a few great benefits:

- Space-saving, very light and easy to move around.
- Boxes easily and securely attach to the rack, making them extremely convenient.
- Free-standing displays have proven to produce a higher turn-over.
- The displays can be used to promote individual themes.

Simple Pleasures® Original Wooden Rack

BEES & BUTTERFLIES

Many spring-flowering bulbs are the first, welcome food source for insects. Bees, bumblebees and butterflies need pollen and nectar from early spring until late autumn. For a good health and sufficient resistance, a varied menu is very important. The Bees and Butterflies program offers this varied menu in 4 ready to use mixtures.

By planting these flower bulb mixtures in your garden or in pots on your patio or balcony, you extend the garden season with flower bulbs blooming from early spring to early summer. By doing so you help bumblebees, bees and butterflies with a good start of the season!

DID YOU KNOW?

The flower shape determines to which insect a flower is attractive. For example, butterflies have a long rolling tongue, which allows them to get nectar from flowers where bees and bumblebees with their shorter tongue cannot go. The flower color also plays a role. Bees and bumblebees are especially attracted to white, yellow and blue flowers. Butterflies prefer purple. Stripes and dots on the flowers act as additional signposts to the nectar.

DARWIN HYBRID TULIPS

These are the giants of the Garden Tulips, developed as a result of a crossing between the Single Late (Darwin and Cottage) Tulips and the Early Fosteriana Tulips. They bloom a few weeks earlier than the Single Late Tulips and have large flower heads on strong stems.

DOUBLE EARLY TULIPS

Double Early Tulips with their double row of petals create a dazzling colour display in the garden during late March and April. In general, growing only 25-30 cm tall on sturdy stems that will withstand April's showers. Excellent for planting in beds, borders, or for forcing in pots indoors.

LILY FLOWERING TULIPS

A delightful Tulip which comes from the Cottage Tulip family. Blooms resemble tall, flaring, cup-shaped lilies with gently pointed tips, with a flowering period that equals that of the Single Late Tulips. They are ideal for beds or borders. As long-lasting cut flowers, they'll add charm to any indoor bouquet.

PARROT TULIPS

Parrot Tulips with their exotic shape, colour and design, are the largest and most spectacular of all tulips. They resemble their namesake, colourful tropical birds. Frilled and flared petals are splashed and striped with brilliant colour combinations that are unlike any other tulip. They make gorgeous cut flowers.

FOSTERIANA TULIPS

Fosteriana Tulips are the largest, most striking of all Tulip varieties. Their large, velvety flowers bloom in early spring. The foliage is very attractive, the stem medium to long. They are among the best for perennializing and will bloom together with daffodils. In so many ways, these are simply the best tulips available! Plus they are very inexpensive!

TRIUMPH TULIPS

Triumph Tulips are the result of crossing long-stemmed Darwin Tulips and varieties of the short-stemmed Early Tulips. Their strong stems, large flowers and medium Hgts are excellent as pot plants for Valentine's Day and Easter. Also superb in beds and borders.

SPECIE (SNOW) CROCUS

Specie Crocus are a welcome addition to the giant Crocus. They are also known as Snow and Bunch Flowering Crocus. The bright colour combination, hardiness, bunch-flowering habit and early flowering make them a must in the garden. They multiply rapidly and bloom quite early to extend the crocus blooming season.

GIANT CROCUS

Jumbo size bulbs imported from Holland. Colourful Crocus-the first sign of spring! Use them in borders or edging; in groups of a dozen or hundreds and thousands for naturalizing; in the grass, woodlands, slopes, under trees. The colours range from white, yellow and striped to lavender and deep purple.

MARTAGON HYBRID LILIES

Martagon lilies grow well in sun but they are truly the darlings of the shade garden. They are colourful and long-lived additions to our gardens. Once established, they are like peonies in that they need not be disturbed for many years. A mature clump of martagon lilies is a horticultural show-stopper!

ALLIUMS

Alliums flower after most other bulbs, but before most perennials! Late blooming ornamental onions, that perform excellent with early blooming perennials, such as Painted Daisies, Sweet William, Asiatic Lilies, Hosta, Peonies, Oriental Poppies, etc. Many are suitable for dried flowers; pest repellent.

DUTCH, SPECIE & DOUBLE AMARYLLIS

Dutch Amaryllis can make blooms that are over 20 cm across. One standard size bulb should have at least 2 stems with 4-5 blooms each. The Mammoth sizes will produce 3 stems, some with up to 6 blooms! Specie Amaryllis are noted for their elegant form and floriferous blooming habit. Double Galaxy Amaryllis have the same growing qualities as our Hybrid Dutch Amaryllis, but the blooms are beautifully double, rich in colour and long-lasting.

INDOOR NARCISSUS

The indoor daffodil has a sweet fragrance. The bulbs can be grown in bowls with pebbles or soil, but the blooms will last longer when grown in soil. After planting the bulbs need a 10 week cold period at 9°C / 48°F. After this store the bulbs warm at 20°C / 68°F.

Multiplies quantities and sizes available on grower trays.

miffy is Dick Bruna's best known and most popular character

Featured in more than 30 books, far more than any other character he created, miffy is loved by children all over the world. Uncomplicated and innocent, with a positive attitude, miffy instils a sense of safety and she is always open to new experiences. Children can relate to miffy and enjoy sharing her many adventures.

In the Netherlands, miffy is known as "nijntje", which derives from the Dutch word "konijntje", meaning "little bunny". This is a logical name for people who speak Dutch, however may not be so for other languages. As "nijntje" may be difficult to pronounce for non-Dutch speakers, and because there are so many different words for "bunny" in other languages, Dick Bruna's little bunny (or could say "nijntje") is simply known to all as miffy. The name does not have any special meaning however is recognizable and relatable to all (or other) languages.

With eyes and mouth from miffy

miffy with ruler in cylinder

Get the children involved! miffy includes a waxed Amaryllis bulb and a ruler so children can track its height as the Amaryllis grows.

Our handmade wax amaryllis bulb is a specially selected large size bulb that does not need water. It holds enough energy to grow and bloom. This wax bulb has an image of miffy and only needs time for the beautiful flower to come out. The growth can be measured with the miffy ruler.
