WHY CHOOSE DEVROOMEN?

Dear Valued Customer,

As we embark on our centennial celebration, DeVroomen extends heartfelt gratitude to each of you for contributing to the success of our family business. The culmination of 100 years is a testament to the enduring partnerships forged with our suppliers and customers.

Over the past century, DeVroomen has steadfastly prioritized Quality, Authenticity, Timely Delivery, Exceptional Customer Service, and Competitive Pricing. Our commitment to fostering prosperous partnerships remains unwavering, and we take pride in bringing the most unique and exclusive bulb varieties to the independent garden center market.

MORE NEW AND EXCLUSIVE INTRODUCTIONS: We continuously unveil a diverse range of new, unique, and exclusive varieties, differentiating your store from larger retail chains.

SPECIALLY SELECTED FOR INDEPENDENT GARDEN CENTERS: Simple Pleasures, our exclusive selection, is curated specifically for independent nurseries and garden centers. You won't find our products in mass merchants or discount stores. We are dedicated to providing upscale independent retailers with a quality, innovative marketing program.

- Specially selected for garden centers.
- Only top-sized, true-to-name bulbs to elevate your store above big-box retailers.
- Experienced customer service staff to assist with all your store's needs.
- Innovative packaging to enhance your sell-through.
- The best pallet racks in the business to capture your customers' attention.
- Complimentary POP material to aid in displaying and selling products.
- Our 100% satisfaction guarantee and commitment to true-to-name products.
- Simple Pleasures is the premier supplier to independent garden centers in the USA and Canada, excluding big-box retailers.
- A dedicated web page designed exclusively for your use: www.bestflowerbulbs.com.
- High-resolution images available on the Garden Joy Gallery on our website.
- Convenient online ordering at www.devroomen.com.
- One of the largest stocked warehouses in the USA, located in Gurnee, IL.

Ordering directly from Holland between January and July 1st ensures access to the varieties you need, with shipments dispatched directly from Holland between September and November. DeVroomen is devoted to ensuring the success and profitability of your flower bulb business.

In this jubilee year, as we celebrate a century of growth and partnerships, we express our sincere appreciation for your unwavering loyalty.

Warm regards,

The DeVroomen Sales and Customer Service Team

128

INDOOR PROGRAM

Amaryllis, prepared hyacinths and other specialties for indoor growing. Great for October-December sales.

WE CARE FOR NATURE

We work with nature and care for nature. We aim for fair and caring social and environmental policies. Our goal is a healthy development of the production and export of flower bulbs and perennials. How do we achieve this? It takes an effort, but we make serious steps to fulfill our mission on a daily basis.

SUSTAINABLE PRODUCTION

BIO Based plastic, PEFC and FSC

We investigate all our activities and their impact on the life circle. In our search for more sustainable alternatives for the use of raw materials, we made several choices:

- WOOD: FSC and 100% recyclable;
- CARTON: PEFC mixed and 100% recyclable;
- PAPER: PEFC mixed and 100% recyclable;
- PLASTICS: Bio Based Plastics. This is made of the residue of sugar cane and is 100% recyclable.

BIO BASED PACKAGING

Benefits of BIO Based packaging

- It's made from 100% renewable natural material; residue of sugar canes.
- It is 100% recyclable.
- This contributes to a circular economy.
- It doesn't affect food production; The required Ethanol is made
  from the residue of sugar production.
- During growth, the sugar canes catch 3 times more CO2 than needed for the production of this plastic.
- BIO Based is different from biodegradable, only BIO Based is 100% recyclable.
- We choose not to use biodegradable plastic because it's not recyclable. Moreover, when biodegradable plastic degrades, it has a bad CO2 footprint.

An earth look Bio Based packaging, used in all Simple Pleasures ranges.

CO2 NEUTRAL!

As a worldwide flower bulb and perennial export company, we take our impact on the environment seriously. We work hard on our sustainibility goals, and we like to set an example.

Over the last years we have been making big sustainable steps, in many ways. Your flowerbulbs are now produced with the use of green energy because of the 14,500 solar panels on our roofs and all of the waste is 100% recycled. (No waste)

Due to these efforts we are proud that we can produce your flower bulbs and perennials CO2-neutral!

OUR ULTIMATE GOAL

The responsibility towards nature doesn't end at being a CO2 Neutral company. We aim to create a full CO2-neutral supply chain, from grower to consumer anywhere in the world. Let's do this together.

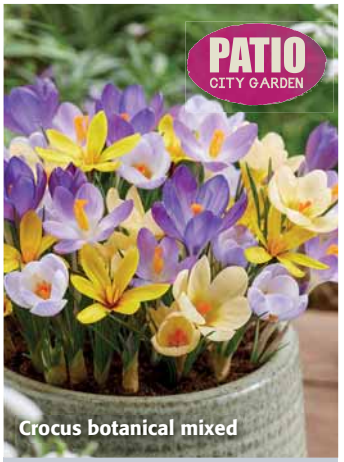

NEW FOR AUTUMN 2024

New varieties, colours and variations are the life's blood of any business. To enable independent nurseries and professional garden centres to offer the best and most complete retail selection, we have not only the classics available, but also, and most importantly, the best choices of the newest varieties grown.

Just look for the **NEW** button.

DISPLAY SYSTEMS

Displays make a significant contribution to the sales success of flower bulbs. With products arranged on colour and point of sales material included, these displays create a real 'wow' factor on the shop floor!

Saving you time and space

We have 3 display options to aid you in displaying your products and bringing attention to your store. These racks have a few great benefits:

- Space-saving, very light and easy to move around.
- Boxes easily and securely attach to the rack, making them extremely convenient.
- Free-standing displays have proven to produce a higher turn-over.
- The displays can be used to promote individual themes.

BEES & BUTTERFLIES

Many spring-flowering bulbs are the first, welcome food source for insects. Bees, bumblebees and butterflies need pollen and nectar from early spring until late autumn. For a good health and sufficient resistance, a varied menu is very important. The Bees and Butterflies program offers this varied menu in 4 ready to use mixtures.

By planting these flower bulb mixtures in your garden or in pots on your patio or balcony, you extend the garden season with flower bulbs blooming from early spring to early summer. By doing so you help bumblebees, bees and butterflies with a good start of the season!

Size insect hotel: 18 x 11.5 x 25 cm / 7 x 4.5 x 10”
Size butterfly box: 9 x 9 x 8 cm / 3.5 x 3.5 x 3”
Size paper bag: 14 x 9 x 22 cm / 5.5 x 3.5 x 9”

• 8 kits per case
• Size 6/7 cm

DID YOU KNOW?

The flower shape determines to which insect a flower is attractive. For example, butterflies have a long rolling tongue, which allows them to get nectar from flowers where bees and bumblebees with their shorter tongue cannot go. The flower color also plays a role. Bees and bumblebees are especially attracted to white, yellow and blue flowers. Butterflies prefer purple. Stripes and dots on the flowers act as additional signposts to the nectar.

Bee & Bumblebee Bulb Blend ‘Lilac Wonder’

DARWIN HYBRID TULIPS

These are the giants of the Garden Tulips, developed as a result of a crossing between the Single Late (Darwin and Cottage) Tulips and the Early Fosteriana Tulips. They bloom a few weeks earlier than the Single Late Tulips and have large flower heads on strong stems.

DOUBLE EARLY TULIPS

Double Early Tulips with their double row of petals create a dazzling colour display in the garden during late March and April. In general, growing only 25-30 cm tall on sturdy stems that will withstand April's showers. Excellent for planting in beds, borders, or for forcing in pots indoors.

LILY FLOWERING TULIPS

A delightful Tulip which comes from the Cottage Tulip family. Blooms resemble tall, flaring, cup-shaped lilies with gently pointed tips, with a flowering period that equals that of the Single Late Tulips. They are ideal for beds or borders. As long-lasting cut flowers, they'll add charm to any indoor bouquet.

PARROT TULIPS

Parrot Tulips with their exotic shape, colour and design, are the largest and most spectacular of all tulips. They resemble their namesake, colourful tropical birds. Frilled and flared petals are splashed and striped with brilliant colour combinations that are unlike any other tulip. They make gorgeous cut flowers.

FOSTERIANA TULIPS

Fosteriana Tulips are the largest, most striking of all Tulip varieties. Their large, velvety flowers bloom in early spring. The foliage is very attractive, the stem medium to long. They are among the best for perennializing and will bloom together with daffodils. In so many ways, these are simply the best tulips available! Plus they are very inexpensive!

TRIUMPH TULIPS

Triumph Tulips are the result of crossing long-stemmed Darwin Tulips and varieties of the short-stemmed Early Tulips. Their strong stems, large flowers and medium Hgts are excellent as pot plants for Valentine's Day and Easter. Also superb in beds and borders.

SPECIE (SNOW) CROCUS

Specie Crocus are a welcome addition to the giant Crocus. They are also known as Snow and Bunch Flowering Crocus. The bright colour combination, hardiness, bunch-flowering habit and early flowering make them a must in the garden. They multiply rapidly and bloom quite early to extend the crocus blooming season.

GIANT CROCUS

Jumbo size bulbs imported from Holland. Colourful Crocus-the first sign of spring! Use them in borders or edging; in groups of a dozen or hundreds and thousands for naturalizing; in the grass, woodlands, slopes, under trees. The colours range from white, yellow and striped to lavender and deep purple.

MARTAGON HYBRID LILIES

Martagon lilies grow well in sun but they are truly the darlings of the shade garden. They are colourful and long-lived additions to our gardens. Once established, they are like peonies in that they need not be disturbed for many years. A mature clump of martagon lilies is a horticultural show-stopper!

ALLIUMS

Alliums flower after most other bulbs, but before most perennials! Late blooming ornamental onions, that perform excellent with early blooming perennials, such as Painted Daisies, Sweet William, Asiatic Lilies, Hosta, Peonies, Oriental Poppies, etc. Many are suitable for dried flowers; pest repellent.

DUTCH, SPECIE & DOUBLE AMARYLLIS

Dutch Amaryllis can make blooms that are over 20 cm across. One standard size bulb should have at least 2 stems with 4-5 blooms each. The Mammoth sizes will produce 3 stems, some with up to 6 blooms! Specie Amaryllis are noted for their elegant form and floriferous blooming habit. Double Galaxy Amaryllis have the same growing qualities as our Hybrid Dutch Amaryllis, but the blooms are beautifully double, rich in colour and long-lasting.

INDOOR NARCISSUS

The indoor daffodil has a sweet fragrance. The bulbs can be grown in bowls with pebbles or soil, but the blooms will last longer when grown in soil. After planting the bulbs need a 10 week cold period at 9°C / 48°F. After this store the bulbs warm at 20°C / 68°F.

Multiplies quantities and sizes available on grower trays.

miffy is Dick Bruna's best known and most popular character

Featured in more than 30 books, far more than any other charactered he created, miffy is loved by children all over the world. Uncomplicated and innocent, with a positive attitude, miffy instils a sense of safety and she is always open to new experiences. Children can relate to miffy and enjoy sharing her many adventures.

In the Netherlands, miffy is known as "nijntje", which derives from the Dutch word "konijntje", meaning "little bunny". This is a logical name for people who speak Dutch, however may not be so for other languages. As "nijntje" may be difficult to pronounce for non-Dutch speakers, and because there are so many different words for "bunny" in other languages, Dick Bruna's little bunny (or could say "nijntje") is simply known to all as miffy. The name does not have any special meaning however is recognizable and relatable to all (or other) languages.

With eyes and mouth from miffy

miffy with ruler in cylinder

Get the children involved! miffy includes a waxed Amaryllis bulb and a ruler so children can track its height as the Amaryllis grows.

Our handmade wax amaryllis bulb is a specially selected large size bulb that does not need water. It holds enough energy to grow and bloom. This wax bulb has an image of miffy and only needs time for the beautiful flower to come out. The growth can be measured with the miffy ruler.
