Fritillaria Meleagris

The large bell-shaped flowers are something you must see this spring. The mix of creamy white and burgundy-purple bells look stunning in every garden. Brighten up your spring garden with Fritillaria Meleagris. These flowers stand out in a field of grass because of the wonderful shape combined with the lovely colors. Order wholesale Fritillaria Meleagris bulbs at De Vroomen, we sell high-quality bloomers.

How to plant Fritillaria Meleagris

Make sure you plant the Fritillaria Meleagris on a partly sunny to sunny spot in the garden or meadow to enjoy the dazzling flowers from April until May.

- The flowers rise up until 8" (20 cm) high
- Plant the flower bulbs 3" (7 cm) deep
- Plant 2 Fritillaria Meleagris per square feet

Care for Fritillaria Meleagris

This stunning, characteristic spring flower shows dotted, bells that face down. The purple-white bells are hardy and survive a tough winter. These flowers rarely show up in the wild. Therefore, we are happy to sell these beautiful flowers. Fritillaria Meleagris are stiff naturalizers. Take good care for Fritillaria Meleagris and you will be surprised by the wonderful flowers. The flowers bloom best in partly shady spots and require a nutritious, peaty ground.
